What's Happening During Summer School?

This year we are offering the three hour EPS and Preschool classes two, three or five days a week, with an extended lunch hour for the EPS and Preschool classes. In addition we have an exciting extended program for children who turned 4 before January 1, 2010. We are limiting the number to 12 four year olds. Ex. of past years' curriculum: Experimenting with water, Creating a book (each child will dictate the story and illustrate a their book,) Taking photographs (the children will view their environment through the lens of a camera,) Using puppets (each child will make a puppet to use in their own puppet play,) Making messy things (the children will make play dough, goop and chalk), We have gotten very positive response from those who have attended. The longer day helped prepare those children who were going to attend extended kindergarten days.

DO I REGISTER MY CHILD IN THE EPS OR PRESCHOOL?

If you are starting a new child in the Early Preschool, they should have turned 2 by January 2010 to come to Summer School. If the child turned 2 after January 1 then start him/her in September. If your child was in the Early Preschool this last year the teachers will recommend a summer placement. If your child is three years old and you are not sure if you want your child in the Early Preschool or Preschool during the Summer call Marilyn @ 251-8633
